

PLAYS BRAHMS

Jean Delimanoczy, brilliant Canadian violinist, who, with Audrey Pigott, cellist and Norma Abernethy, pianist will be heard in a performance of Brahms' Trio No. 1 in B Major, on CBC Wednesday night.

Born in Hungary where he graduated from the Liszt Academy in Budapest, Delimanoczy began his career on this continent with symphony orchestras in Winnipeg, Calgary, and Minneapolis. He became well known as concertmaster of the Vancouver and Seattle Symphony Orchestras.

The first coat of basic white. Depending upon the desired effect, the Sandstone can be touched up with light paint coated with any one of thousands of lacquers to achieve a dramatic effect, or given a bead of glass shaped by hand and sprayed with a acetate cement so that it will hold its shape.

Into this gallery of frivolous fashion come unique circumstances and practical means the average layman would not consider. To satisfy insurance underwriters, for example displays must be waterproofed, fireproof, light-tight and watertight. A pop corn can once made by the Staples-Smith studios, held together with vegetable glue, disappeared quickly under the

constant encroachment of mice. The studio now has so much experience in making the frail figures, that a single figurine done in 1947 showed up in 1948 after passing through six traceable sets of hands and innumerable warehouses, still satisfactory for use in store windows.

However anyone imagining that paper, scissors, and twenty four dollars can lead to a large and glamorous business had better take stock of their ingenuity and drive because two qualities are really what made Cecilia Staples click.

FASHION NOTE FROM BRITAIN; VELVET IS 1949 FASHION MATERIAL

Velvet is the material of the 1949 season in the London collections. In all its variations, shot, toed silk and rayon to plain cotton velvet, it is given much prominence, is used for anything from slim suits in velveteen, topped by corded, full-skirted coats, to afternoon and cocktail dresses and regal-looking trained evening dresses. But silk fabrics, of all kinds, have not been so important for years, for "after six o'clock" gowns. This is an outcome of the popularity of the silk during the summer when it was one of the most fashionable materials worn.

Old man: "Suppose I were to tell you that I was bankrupt—that every cent of my fortune had been swept away—would you still be willing to marry my daughter?"

Young man: enthusiastically, "Why of course I would. Such a man as you could easily set to and make another fortune sir."

"My wife doesn't understand me, does yours?"

"Don't know that I ever heard her mention your name."

The teacher wanted to impress on his class that there was nothing a man could not do if he put his mind

to it. Johnny Jones begged to differ. "Well," said the teacher, "tell me and the class what it is."

"You try to strike a match on a piece of soap," was the answer.

Father: "Your teacher says he can't teach you anything, Bill."

Bill: "I always knew he was no good."

"Sometimes," said the mistress, "it will be necessary for you to help the butler upstairs."

"I understand, madam," replied the new maid, "when he's had one too many."

WEEKLY WIND-UP

"Our pay structure must be reformed for the three services and is under consideration by the Minister of National Defence," hinted a top-ranking official of this department.

Demand for U.S. dollars to travel for pleasure has fallen so much in recent weeks that the customs staff at border points is being reduced, it is suggested.

With the cost of living still climbing up civil servants in this capital are showing signs of worrying about how to make the ends meet because a majority of them are not what one could call highly-paid workers, with this being the reason why they want a monthly living bonus since this would aid their efficiency and morale.

The famous "Red Dean," Very Rev. Hewless Johnson, Dean of Canterbury, is coming to Ottawa next month for a lecture here, though he was refused entry into the U.S. recently. Rumors that the Progressive Conservative national convention here which chose Premier Drew as leader was "packed" or "rigged," are ridiculed by those who know in this capital where such rumors are termed "old stuff".
